

ME, MYSELF AND MY DAY MASTER SERIES

The
Basics of BaZi &
The
Ten Day Masters

INTRODUCTION

BaZi

the heartbeat of your future

It is not always that you get what you desire with ease. Sometimes, things go as bad as it could before you get what you wish for. Sometimes, you don't even make to the finishing line. Has it ever crossed your mind why all these occur? The answers to your questions lies in four pillars. Yes, you read that right. But they are not just ordinary pillars. They are the Four Pillars of Destiny, a system that has been used for years since ancient China. Also known as BaZi, the Four Pillars of Destiny is a tool used to discover and put to use all your potentials, limits and possibilities that can make your life shine bright.

The Four Pillars of Destiny literally means 'Eight Characters'. Why, you ask? Four pair of characters build the four pillars, which means a total of eight characters. These four pillars, known as Jia Zi, gives our birth information, the year, month, day and hour of birth. On the other hand, the eight characters that fill in the four pillars comprises of the Yin and Yang polarity of five elements, namely wood, earth, water, fire and metal.

It is perhaps safe to say that BaZi is one of the most intriguing field to study in Chinese Metaphysics. This is because BaZi has a limitless methods and real life applications to study and master, with many interesting theories and principles. Basically, BaZi begins with your day of birth, in which is found in the Day Master or the Day Stem in the chart. To make it easier for you, you can find your Day Master at the 'Heavenly Stem' section of your Day Pillar.

Below is an example of the location of the Day Master for a Yi Wood person:

時 Hour	日 Day	月 Month	年 Year	
	 Jia Yang Wood			天干 Heavenly Stems
				地支 Earthly Branches

But first you need your chart. I have that sorted for you. All you have to do is, click this link www.joeyyap.com/bazi and key in your details. You will get your chart in a matter of seconds!

The upper half of your four pillars in the Heavenly Stem, which is the surface Qi. It gives you information on your exterior characters, such as friendly or stubborn and the like. Basically it is what others see from the outside; their first impression.

The bottom half of your pillar denotes the Earthly Branches (with animal signs). It shows the build of a person's inside. This doesn't mean physically. It means the hidden attitude and personalities that you notice once you get to know a person. The Heavenly Stems has a total of ten members, which are Yin and Yang polarity of Fire, Metal, Earth, Water and Wood.

This is where the heartbeat of the chart, the Day Masters are derived from. Day Masters are used to discover your nature and personalities, to answer the simple yet universal question: who you are.
